

**COUNTY OF IMPERIAL
DEPARTMENT OF BEHAVIORAL HEALTH SERVICES**

POLICY AND PROCEDURE MANUAL

SUBJECT: HIPAA - Workstation Configuration	PROCEDURE: 01-167
SECTION: Administration	EFFECTIVE DATE: 6-10-16
REFERENCE: 45 C.F.R. Subtitle A, Subchapter C, Part 164	PAGE: 1 of 3
	SUPERSEDES: New Procedure
AUTHORITY: Behavioral Health Director as the Local Mental Health Director and Alcohol and Drug Administrator	APPROVED BY: 

PURPOSE: To provide guidelines for implementing security configuration settings on workstations.

NOTES: This SOP shows how to set configuration setting using the various windows utilities present in Micro Windows Operating Systems.

Baseline configuration for all supported workstations is defined as:

- Anti-virus, Sophos
- MS Office 2015
- Internet Explorer 10.0 or higher
- Java 1.4 or higher
- Microsoft Office
- District inventory to tool
- Adobe Acrobat
- Adobe Flash

Base image for all ICBHS supported workstations (desktops and laptops) will contain the current baseline configuration.

All new workstations connecting to the Imperial County Network will require this base image.

The base image will be reviewed by County IT periodically.

SCOPE: The procedure covers all devices that handle or process sensitive information including , but not limited to, ePHI and financial data.

DEFINITIONS: None
